

Commitment to Corporate Social Responsibility and Global Citizenship

Asia Society salutes our New York Corporate Partners for their commitment to corporate social responsibility and global citizenship. Together, these partner companies and executives have supported the Asia Society to promote engagement and increase understanding on both sides of the Pacific. Through their generous support of our conferences and briefings, cultural and education programs, and diversity leadership initiatives, these companies have demonstrated a deep commitment to our increasingly interconnected global community.

To learn more about the benefits of becoming a Corporate Member of Asia Society, please contact David Whitelaw Reid, Director, Corporate Relations, at (212) 327-9337.
